OUR LEGACY

ABOUT SKE

PRECISION ENGINEERING SINCE 2009

SHREE KUMBHAR ENTERPRISES

Founded in Satara, Maharashtra in 2009, Shree Kumbhar Enterprises has **developed** into a **manufacturer** and supplier of professional weighing systems, dairy collection equipment and analytical solutions serving commercial, industrial and dairy applications.

OUR MISSION

To provide high-precision weighing and analytical technologies that improve operational efficiency, commercial reliability and productivity.

OUR VISION

To develop smarter, connected and dependable weighing and dairy ecosystems designed for the evolving requirements of Indian industries.

OUR VALUES

- Accuracy
- Durability
- Compliance
- Technology
- Customer Support

16+ YEARS
Industry Presence

15,000+ SQ. FT.
Factory Area

100%
Calibration Checked

24/7
Calibration Lab Activity

STANDARDS & COMPLIANCE

ISO 9001:2015

Bureau of Indian Standards

OIML Compliance

CE Marking

SKE
SHREE KUMBHAR ENTERPRISES

OUR PRODUCT RANGE

Precision solutions for Industrial, Commercial, Dairy and Laboratory applications.

01

WEIGHING MACHINES

ACCURACY FOR EVERY INDUSTRY

- Retail Scales
- Table Top Scales
- Bench Scales
- Platform Scales
- Precision Balances
- Waterproof Scales
- Industrial Scales
- Receipt Printing Scales
- Counting Scales
- Crane & Hanging Scales
- Weighing Indicators
- Tank Weighing Systems
- Electronic Weighbridges
- Label Printing Systems

02

DAIRY EQUIPMENT

SUPPORTING A STRONGER DAIRY ECOSYSTEM

- Milk Analysers
- Milk Collection Systems
- Milk Fat Testing
- Analyser with Stirrer
- Dairy Scales
- Smart Dairy Processing DPU
- Automatic Cream Separator
- Milk Weighing Systems

03

LABORATORY EQUIPMENT

TRUSTED FOR ACCURATE ANALYSIS

- Entris II Laboratory Balances
- MA160 Moisture Analyzer
- Arium Mini Ultrapure Water System
- Tacta Mechanical Pipettes
- Analytical Balances

INDUSTRIES WE SERVE

Engineering | Food Processing | Pharmaceutical | Chemical | Textile | Dairy | Jewellery | Retail | Hospitality | Logistics | Laboratories

SKE
SHREE KUMBHAR ENTERPRISES

01
WEIGHING MACHINES

Precision weighing technology for commercial, professional and industrial applications.

DS-75

COUNTER WEIGHING SCALE

Reliable table-top weighing solution designed for everyday retail counters and commercial service environments.

KEY HIGHLIGHTS

- Retail Counter Weighing
- Accurate Daily Operation
- Simple User Operation
- Portable Performance
- Commercial Applications

DS-252

ELECTRONIC DIGITAL SCALE

Compact and dependable **digital weighing** solution developed for routine retail weighing applications.

KEY HIGHLIGHTS

- General Retail Weighing
- Compact Construction
- Dual-Sided LED Display
- Rechargeable Battery
- Suitable for Shops and Commercial Counters

SKE
SHREE KUMBHAR ENTERPRISES

DS-252PR

RECEIPT PRINTING WEIGHING SCALE

Professional weighing and receipt-printing solution designed for busy retail environments.

PRINTER	High-Speed Direct Thermal Printer
PLU	300 Entries
DISPLAY	Operator + Customer LED Display
POWER	Rechargeable Battery
APPLICATION	Bakery • Sweet Shop • Dry Fruits • Produce

DS-450N

TABLE TOP WEIGHING MACHINE

Compact industrial weighing solution engineered for accuracy and dependable daily use where workspace is limited.

- Compact Industrial Design
- Space-Saving Construction
- Precision Weighing
- Durable Daily Operation
- Manufacturing Applications

DX-852

DIGITAL WEIGHT MACHINE

Compact precision weighing solution designed for jewellery and professional weighing environments.

DISPLAY	Bright Green LED
POWER	Built-In Lithium-Ion Battery
CONNECTIVITY	RS-232
DESIGN	Compact Professional Construction
APPLICATION	Jewellery & Precision Weighing

SKE
SHREE KUMBHAR ENTERPRISES

COUNTING SCALE

High-precision weighing and counting solution designed for inventory and component management.

KEY APPLICATIONS

- Hardware
- Fasteners
- Plastic Components
- Electronics
- Inventory Counting

KEY FUNCTION

- High-Precision Parts Counting

JX SERIES
JEWELLERY WEIGHING BALANCE

Professional precision balance designed for jewellery, bullion and gemstone weighing.

APPLICATION	Jewellery • Bullion • Gem Trade
DISPLAY	Violet Backlit LCD
POWER	Built-In Lithium-Ion Battery
CONNECTIVITY	RS-232
FEATURE	Standard / Custom Print Format Support

AJ SERIES
PRECISION BALANCE

High-accuracy professional balance using advanced sensing technology for dependable precision weighing.

TECHNOLOGY	Tuning-Fork Frequency Sensing
MODES	Weighing • Parts Counting • Percentage
DISPLAY	LCD
CONNECTIVITY	RS-232C
APPLICATION	Laboratory • Jewellery • Industrial Quality Control

SKE
SHREE KUMBHAR ENTERPRISES

BS-250

BABY WEIGHING SCALE

Specialised precision weighing system developed for newborn, infant and paediatric applications.

APPLICATION	Newborns • Infants • Toddlers
ENVIRONMENT	Maternity Departments • Neonatal Units Paediatric Clinics • Community Health Programs
DESIGN	Ergonomic & Hygienic
CLASS	Class III Medical Application

PLATFORM SCALE

Durable industrial platform weighing system designed for demanding professional applications.

CONSTRUCTION	Heavy-Duty Carbon Steel Frame
PLATTER	Stainless Steel
APPLICATION	Industrial Weighing
BENEFITS	Durability • Accuracy • Stability

DX-451

PLATFORM SCALE

CAPACITY RANGE	100 kg – 5000 kg
PLATFORM	Customisable up to 2000 × 2000 mm
INTERFACES	RS-232 • USB Virtual COM • 4–20 mA Output
OPTIONS	Jumbo Display • Printer • Ramp Roller Attachment

SKE
SHREE KUMBHAR ENTERPRISES

DX-415
PLATFORM SCALE

Versatile platform weighing solution engineered for accurate measurement of different load sizes across professional environments.

FEATURES

- Industrial & Retail Applications
- Suitable for Small, Voluminous and Large Goods
- Durable Platform Construction
- Precision Weighing
- Versatile Operation

DS-215N
TROLLEY WEIGHING SCALE

Portable weighing solution designed for environments where weighing equipment needs to move with the workflow.

FEATURES

- Portable Weighing
- Ergonomic Trolley Design
- Bright LED Display
- Rechargeable Battery

APPLICATION

Warehouse • Retail • Rice Mill • Logistics

DS-215HD
HEAVY DUTY DIGITAL WEIGHING SCALE

CAPACITY RANGE

30 kg – 2000 kg

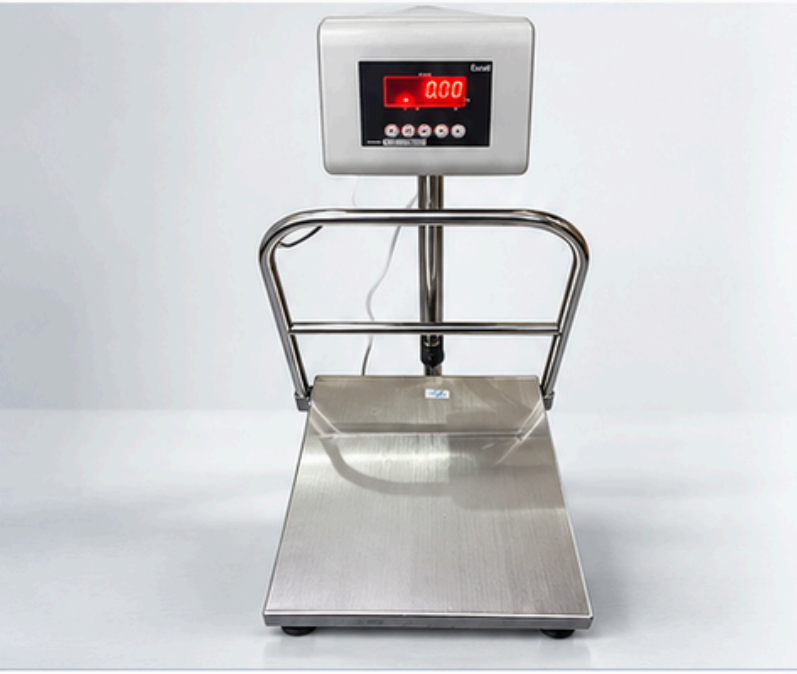

APPLICATION

Manufacturing • Logistics • Food Processing • Freight

BENEFITS

Heavy-Duty • Flexible Capacity • Reliable Industrial Performance

SKE
SHREE KUMBHAR ENTERPRISES

DS-215N

PLATFORM WEIGHING SCALE

Reliable platform weighing system designed for diverse commercial and industrial operations.

APPLICATION

Retail
Manufacturing
Factories
Warehouses
Distribution Centres

FEATURES

Reliable Performance
Durable Construction
Consistent Weighing

DX-451HP

WEIGHING MACHINE

CAPACITY RANGE

100 kg – 5000 kg

PLATFORM

Customisable up to 2000 × 2000 mm

INTERFACES

RS-232
USB Virtual COM
4–20 mA Output

OPTIONS

Jumbo Display
Printer
Ramp
Roller

DX-451SS

BENCH SCALE

CONSTRUCTION

SS-304 Stainless Steel

APPLICATION

Food Industry
Engineering Workshops
Pharmaceutical Manufacturing

BENEFITS

Hygienic
Durable
Low Maintenance
Long Service Life

SKE
SHREE KUMBHAR ENTERPRISES

DS-215SS
DIGITAL WEIGHING SCALE

CONSTRUCTION	Stainless Steel Console Stainless Steel Platform
APPLICATION	Rugged Professional Environments
BENEFITS	Durability Reliability Precision Moisture-Resistant Construction

DX-450EP
WATERPROOF WEIGHING MACHINE

PROTECTION	IP68 + IP69K
ELECTRONICS	Silicon Potting
PLATTER	Grade 304 Stainless Steel Removable Platter
RESISTANCE	Submersion High-Pressure Washdown High-Temperature Washdown Moisture Vibration

DS-515N
WEIGHING SCALE

PLATTER	Large Stainless Steel
DISPLAY	Bright Green Dual Pole Display
APPLICATION	Retail Stores Food Counters Commercial Outlets
BENEFITS	Stylish Durable Hygienic Precise

SKE
SHREE KUMBHAR ENTERPRISES

DX-451
SILVER WEIGHING SCALE

CAPACITY	35 kg
ACCURACY	0.5 g
PLATTER	Stainless Steel
DISPLAY	Bright Green LED
POWER	Built-In Lithium-Ion Battery
APPLICATION	Retail & Wholesale Silver Weighing

DS-315
DIGITAL CRANE SCALE

CAPACITY	1 – 20 Tonnes
DISPLAY	Large 30 mm Red LED
CONTROL	Wireless Remote
POWER	Rechargeable Battery
APPLICATION	Foundries • Steel Plants • Heavy Engineering

DS-350
CRANE SCALE

Heavy-duty suspended-load weighing system engineered for demanding industrial environments.

FEATURES

- Advanced Microcomputer Technology
- Rugged Load Cell Sensors
- Reliable Heavy-Duty Operation
- Compatible System Integration
- Scalable Monitoring

SKE
SHREE KUMBHAR ENTERPRISES

DS-215
HANGING SCALE

Portable hanging weighing solution built for convenient weighing across outdoor and professional applications.

FEATURES

- Portable
- Lightweight
- Bright LED Display
- Rechargeable Battery

APPLICATION

- Poultry Farms
- Tea Estates
- Coffee Estates
- Portable Weighing

WEIGHING INDICATOR

Advanced digital indicator designed to provide precise weight measurement across industrial weighing systems.

FEATURES

- Digital Weight Indication
- Industrial Load Cell Compatibility
- Multiple Platform Compatibility
- Professional Process Integration

ELECTRONIC WEIGHBRIDGE

Heavy-duty vehicle weighing system designed for demanding industrial and commercial operations.

FEATURES

- Vehicle Weighing
- Industrial & Commercial Application
- Mechanical Fatigue Resistance
- Vibration Resistance
- Designed for Severe Weather Conditions

SKE
SHREE KUMBHAR ENTERPRISES

DC-810 / 815
COUNTING SCALE

FUNCTIONS	Counting Weighing Barcode Labelling
PRINTER	Integrated Barcode Printer
INPUT	Alphanumeric Keyboard
BARCODE	1D & 2D / QR Support
APPLICATION	Engineering • Pharmaceutical • Textile Warehousing

SI-810PRSS
RECEIPT PRINTING MACHINE

CONSTRUCTION	SS-304 Stainless Steel
PROCESSOR	32-bit ARM
PRINTER	Integrated 2-inch Thermal Receipt Printer
APPLICATION	Wet Grocery Food Processing Fish / Poultry Environments
BENEFITS	Hygienic • Rugged • Corrosion Resistant

SI / DX TWS
TANK WEIGHING SYSTEM

APPLICATION	Tank Silo Process Vessel
FEATURES	High-Durability Load Cells Built-In Jack Bolts Lift-Off Protection Easy Maintenance Optional Flame-Proof Configuration

SKE
SHREE KUMBHAR ENTERPRISES

WEIGHING MACHINES

Connected solutions for advanced retail and dairy weighing.

RX-850EV
LABEL PRINTING SCALE

PROCESSOR	32-bit ARM
PRINTER	High-Speed Thermal Label Printer
DISPLAY	Dot-Matrix LCD
KEYBOARD	101 Keys 70 Preset Hotkeys
BARCODE	1D / 2D Support
CONNECTIVITY	Ethernet / Wi-Fi
APPLICATION	Supermarkets • Hypermarkets • Bakeries • Fresh Produce

DS-215
DAIRY SCALE

Professional weighing system designed for milk collection centres and dairy operations.

CAPACITY	Up to 200 kg
PLATFORM	400 * 400 mm to 600 * 600 mm
FUNCTION	Litre Conversion
DISPLAY	Bright LED
CONNECTIVITY	AMCU / DPMCU Compatible
APPLICATION	Milk Collection Centres • Dairy Farms • Cooperatives

SKE
SHREE KUMBHAR ENTERPRISES

02 DAIRY EQUIPMENT

Integrated technology for milk analysis, collection and dairy processing.

IMA-815
INTEGRATED MILK ANALYSER / MILK COLLECTION SYSTEM

Integrated milk collection and analysis system designed for modern dairy operations.

SYSTEM	Milk Collection + Analysis
MIXING	Integrated Stirrer
CONNECTIVITY	Wi-Fi Support
PROCESSING	Real-Time Data Processing
APPLICATION	Milk Collection Centres & Dairy Operations

ANALYSE FASTER · IMPROVE EFFICIENCY · MANAGE BETTER

MA-815BS
MILK ANALYSER WITH STIRRER

Ultrasonic milk analyser with integrated stirring technology for consistent sample preparation and dependable analysis.

TECHNOLOGY	Ultrasonic Milk Analysis
STIRRER	Integrated
SAMPLE PREPARATION	Uniform Mixing
PERFORMANCE	Reliable Dairy Analysis
APPLICATION	Milk Collection Centres

CONSISTENT RESULTS · RELIABLE PERFORMANCE · BUILT FOR DAIRY OPERATIONS

SKE
SHREE KUMBHAR ENTERPRISES

MA-915BS
MILK ANALYSER WITH STIRRER

Advanced ultrasonic analyser with integrated stirring for rapid and dependable milk-quality analysis.

TECHNOLOGY	Ultrasonic Analysis
STIRRER	Integrated
ANALYSIS	Fast Testing
PARAMETERS	Fat • SNF • Density • Protein • Lactose

MA-915
MILK ANALYSER MACHINE

Compact professional analyser developed for rapid and reliable assessment of milk quality.

APPLICATION	Milk Collection Centres
OPERATION	Rapid Analysis
DESIGN	Compact Professional Dairy System
PERFORMANCE	Reliable Routine Testing

MA-815
MILK FAT TESTING MACHINE

Precision dairy-testing solution developed for fast evaluation of essential milk-quality parameters.

PARAMETERS	Fat SNF Water Density
APPLICATION	Dairy Quality Testing
PERFORMANCE	Fast & Accurate Analysis

SKE
SHREE KUMBHAR ENTERPRISES

SKE SMART
DAIRY PROCESSING DPU

Digital processing solution designed to support efficient modern milk-collection workflows.

FEATURES	
	Data Processing Unit
	Integrated Thermal Printer
	Digital Weighing Scale Connection
	GPRS Connectivity
	Cloud Synchronisation Support
	Smart Dairy Workflow

AUTOMATIC CREAM SEPARATOR
MODEL D100

Automated centrifugal cream-separation system designed for dependable dairy processing.

FEATURES	
	Centrifugal Cream Separation
	Automatic Speed Regulation
	Electronic Control
	Food-Grade Stainless Steel Construction
	Dairy Processing Application

SI-850
MILK WEIGHT MACHINE

High-precision bulk milk weighing solution designed for dairy plants and Bulk Milk Chiller operations.

CONSTRUCTION	SS-304 Stainless Steel
PROCESSOR	32-bit ARM
APPLICATION	Dairy Plants • BMC Units
CONNECTIVITY	USB • RS-232 Optional Wi-Fi / Ethernet
INTEGRATION	ERP Support

SKE
SHREE KUMBHAR ENTERPRISES

03 LABORATORY EQUIPMENT

Precision instrumentation for dependable analytical workflows.

ANALYTICAL BALANCE

High-precision laboratory balance designed for accurate scientific measurements.

FEATURES

- High-Precision Laboratory Weighing
- Draft Shield
- Electromagnetic Force Restoration Sensor
- Scientific Measurement Applications

ENTRIS II
LABORATORY BALANCES

Versatile family of analytical and precision balances designed for dependable routine laboratory weighing.

FEATURES

- Analytical & Precision Balance Family
- Fast Stabilisation
- Dependable Repeatability
- Straightforward Touch Operation

APPLICATION

- Routine Laboratory Weighing
- Analytical Samples
- Precision Measurement

SKE
SHREE KUMBHAR ENTERPRISES

MA160
MOISTURE ANALYZER

TECHNOLOGY	Infrared Moisture Analysis
SAMPLE TYPES	Liquids • Pastes • Solids
FEATURES	Uniform AURI Heating Touchscreen Guidance Method Management
APPLICATION	Laboratory Incoming Goods Inspection Production Quality Control

ARIUM MINI
ULTRAPURE WATER SYSTEM

WATER TYPE	Type 1 Ultrapure Water
DAILY USAGE	Up to 10 Litres / Day
INTERFACE	Touch-Activated Display
DESIGN	Compact Footprint
FEED	Flexible Feed-Water Options
APPLICATION	General Laboratory Life Science Analytical Workflows

TACTA
MECHANICAL PIPETTES

Ergonomically engineered mechanical pipettes designed for accurate and comfortable liquid handling.

FEATURES	Accurate Liquid Handling Low Operating Force Secure Volume Locking Easy Cleaning Ergonomic Balance Routine & Extended Pipetting
